MSDS No.: MSDS#EXAB001 First Revision Date: 2024.04.15
Product Name: Mouse IgG (H&L) HRP-conjugated Antibody Last Revision Date: 2024.04.15 Version No.:1.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

### Identification of the substance or mixture

Product code EXAB001

Product name Mouse IgG (H&L) HRP-conjugated Antibody

### Relevant identified uses of the substance or mixture and uses advised against

### Relevant identified uses

For research use only. Not for use in diagnostic procedures.

### Uses advised against

Not for consumer use.

### Company/undertaking identification

Exreprotein, LLC. 2726 Summer Street NE Minneapolis, MN 55413 (800) 215-0202 www.exreprotein.com

### **Emergency Telephone Number**

(800) 215-0202

### **SECTION 2: Hazards identification**

#### **Australian SDS Statement**

Not classified as a hazardous substance in accordance with the criteria of Safe Work Australia - Globally Harmonised System (GHS)

#### **GHS** Classification

Health hazards

Not Hazardous

Physical hazards

Not Hazardous

**Environmental** hazards

Not Hazardous

#### Label elements

Signal Word

None

Hazard pictograms

None

Hazard pictograms names

None

**Hazard Statements** 

Not Applicable

**Precautionary Statements** 

Prevention

Not Applicable

Response

Not Applicable

Storage

Not Applicable

**Disposal** 

Not Applicable

Other hazards

Not Applicable

### **SECTION 3: Composition/information on ingredients**

| Component | CAS No  | Common name | EINECS No. | Weight % |
|-----------|---------|-------------|------------|----------|
| Glycerin  | 56-81-5 | _           | 200-289-5  | 40-70    |

We recommend handling all chemicals with caution.

#### Mixtures

No components need to be disclosed according to the applicable regulations.

### **SECTION 4: First aid measures**

### Description of first aid measures

Skin contact

Rinse skin with water. Immediate medical attention is not required.

Eye contact

Rinse skin with water. Immediate medical attention is not required.

Remove contact lenses,

if present and easy to do. Continue rinsing.

Ingestion Not expected to present a significant ingestion hazard under

anticipated conditions

of normal use. If you feel unwell, seek medical advice.

**Inhalation** If breathed in, move person into fresh air. If not breathing, give artificial

respiration.

Notes to Physician Treat symptomatically.

Most important symptoms and effects, both acute and delayed

Not Applicable

Indication of any immediate medical attention and special treatment needed

None.

**SECTION 5: Firefighting measures** 

Extinguishing media

Suitable extinguishing media Water spray. Carbon dioxide Foam . Dry chemical.

### Unsuitable extinguishing media

No information available.

### Special hazards arising from the substance or mixture

Not known

### Protective equipment and precautions for firefighters

Standard procedure for chemical fires.

### **SECTION 6: Accidental release measures**

### Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation

Always wear recommended Personal Protective Equipment

Use personal protection equipment See section 8 for more information

### **Environmental precautions**

No special environmental precautions required.

### Methods and material for containment and cleaning up

Soak up with inert absorbent material.

#### Reference to other sections

See section 8 for more information.

### **SECTION 7: Handling and storage**

### Precautions for safe handling

Use personal protective equipment as required. No special handling advices are necessary.

### Conditions for safe storage, including any incompatibilities

Keep in a dry, cool and well-ventilated place. Keep in properly labelled containers.

### Specific end use(s)

For research use only. Not for use in diagnostic procedures.

### **SECTION 8: Exposure controls/personal protection**

### Control parameters

**Engineering Measures** 

Ensure adequate ventilation, especially in confined areas

### **Exposure** controls

### **Personal Protective Equipment**

**Respiratory protection** In case of insufficient ventilation wear respirators and components tested and

approved under appropriate government standards.

Hand protection Wear suitable gloves Glove material: Compatible chemical-resistant gloves.

**Eye protection** Tight sealing safety goggles

Skin and Body Protection Wear suitable protective clothing

Hygiene Measures Handle in accordance with good industrial hygiene and safety practice

### **Environmental exposure controls**

No special environmental precautions required.

### **SECTION 9: Physical and chemical properties**

### Information on basic physical and chemical properties

**Appearance** liquid

**Odour** No data available

Odour ThresholdNo dataMolecular WeightNo data

pH No data available

Melting point / melting range°C No data°F No dataBoiling point / boiling range°C No data°F No dataFlash point°C No data°F No dataAutoignition Temperature°C No data°F No data

**Decomposition temperature** °C No data °F No data

**Evaporation rate** No data

Flammability (solid, gas) No data available

Upper explosion limitNo dataLower explosion limitNo dataVapour PressureNo dataVapour densityNo dataRelative densityNo dataSpecific gravityNo data

Solubility No data available Partition coefficient No data available

n-octanol/water ViscosityNo dataExplosive propertiesNo dataOxidising propertiesNo data

Other information
No data available.

**SECTION 10: Stability and reactivity** 

**Reactivity** No data available.

Chemical stability Stable under normal conditions.

**Possibility of hazardous reactions**Hazardous reaction has not been reported.

Conditions to avoid No information available.

**Incompatible materials**No dangerous reaction known under conditions of normal use.

**Hazardous decomposition products**No data available.

### **SECTION 11: Toxicological information**

Information on toxicological effects

| Chemical Name | Oral LD50           | Dermal LD50       | Inhalation LC50 |
|---------------|---------------------|-------------------|-----------------|
| Glycerin      | = 12600 mg/kg (Rat) | No data available | >570mg/m³(Rat)  |

#### **Principal Routes of Exposure**

**Acute toxicity** Data are conclusive but insufficient for classification.

**Skin corrosion/irritation** Data are conclusive but insufficient for classification

Serious eye damage/irritation Data are conclusive but insufficient for classification

**Respiratory or skin sensitisation** Data are conclusive but insufficient for classification

Specific target organ toxicity(STOT) – single exposure Data are conclusive but insufficient for classification

Specific target organ toxicity(STOT) – repeated exposure Data are conclusive but insufficient for classification

**Carcinogenicity** Data are conclusive but insufficient for classification

Germ cell mutagenicity Data are conclusive but insufficient for classification

**Reproductive toxicity** Data are conclusive but insufficient for classification

**Aspiration hazard** Data are conclusive but insufficient for classification

### **SECTION 12: Ecological information**

#### **Ecotoxicity**

Contains no substances known to be hazardous to the environment or not degradable in waste water treatment plants.

| Chemical Name | Toxicity to algae | Toxicity to daphnia | Toxicity to fish | Microtox | log Pow |
|---------------|-------------------|---------------------|------------------|----------|---------|
|               |                   | and other aquatic   |                  | Data     |         |
|               |                   | invertebrates       |                  |          |         |

| Glycerin | No data available | Daphnia magna        | No data available | No data available | logPow-1.76 |

|          |                   | EC50>500 mg/L (24 h) |                   |                   |             |

**Mobility in soil** No information available.

**Persistence and degradability** No information available.

**Bioaccumulative potential** No information available.

#### Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

Other adverse effects No information available.

### **SECTION 13: Disposal considerations**

#### Waste treatment methods

The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in according to approved disposal technique. Disposal of this product, its solutions or of any by-products, shall comply with the requirements of all applicable local, regional or national/federal regulations.

### **SECTION 14: Transport information**

### IATA / ADR / DOT-US / IMDG

Not regulated in the meaning of transport regulations

UN number Not Applicable
UN proper shipping name Not Applicable
Transport hazard class(es) Not Applicable
Packing group Not Applicable

#### **Environmental hazards**

Not Applicable

### Special precautions for user

Not Applicable

### Transport in bulk according to Annex II of MARPOL and the IBC Code

Not Applicable.

### **SECTION 15: Regulatory information**
